

The Trusted Partner In Community Management

Who is Kuester Management Group?

Kuester Background

For over four decades, the Kuester Companies have been a trusted name in the Carolinas. As one of our region's leading association management companies, we provide a full range of community management services. The breadth and seamlessness of our capabilities, along with our expertise, lets us provide customized solutions to Builders, Developers, Board Members and all types of community associations.

The Kuester Companies began under the direction of Faison Kuester in 1975 and have grown over the years to encompass four independent organizations: Kuester Development Services, Kuester Commercial Services, Metrolina Maintenance Group, and Kuester Management Group. Kuester Management Group began as an independent entity in 2000, when Bryan Kuester joined the family business and worked diligently to expand and develop the specialized association management company that exists today as Kuester Management Group.

Kuester Management

Kuester Management Group is headquartered in Fort Mill, SC and currently partners with over 155 communities, located in four states. We pride ourselves on providing the convenience and agility of a local business, backed by the reliability and resources of a large regional company. In an effort to build strong local relationships with our partner communities, Kuester currently has six regional offices throughout the Carolinas and Georgia: Myrtle Beach (SC), Wilmington (NC), Pinehurst (NC), Davidson (NC), Boone (NC), and Marietta (GA).

Our years of deliberate growth has resulted in a firm that prides itself on building long term relationships. We approach every project with our full commitment to service which brings lasting value and peace of mind to the communities we manage.

Kuester prides itself on offering "best in class" HOA management by ensuring that homeowners are able to enjoy their communities while optimizing their property values. This style of community management is designed to foster an environment for the best quality of life.

One Team...One Dream
